

Vote for Oliver and the Railway.

Do you vote for Edmonton as a City or for Edmonton as a Village?

Do you vote for Edmonton on a world's highway of commerce or for Edmonton at the extreme limit of the railway system of the continent?

Do you vote for a railway project which is the embodiment of the fixed policy of a great and united party, or do you vote to throw the whole question of a transcontinental railway into the melting pot of party politics, with no assurance of a fixed policy on the part of any one?

Do you vote for a sure thing, or do you vote to take chances?

Remember that in this case your vote is not an opinion, it is a mandate which must be obeyed and which cannot be recalled.

Use your vote to protect your interests.

DISASTROUS ACCIDENTS

Over a ton of Dynamite Explodes Causing Enormous Destruction. Mine Carriage Hurlled Seventeen Hundred Feet Killing Ten Persons and Injuring Three Others.

Mount Vernon, N.Y., November 2.—The explosion of over a ton of dynamite under the bridge here at one o'clock to-day shook the city, the surrounding country for five miles, and killed at least one person and injured nearly forty others, two of whom are likely to die. The man supposed to be killed is an Italian, in charge of the dynamite. There were 2,300 pounds of dynamite stored at the side of the deep rock cut, running from the western limits of the city to the New York, New Ha-

ven and Hartford railroad station, which was used for blasting for additional tracks. The explosion tore a hole in the ground eighty feet deep and is now full of water from a hidden spring. It wrecked the bridge over the tracks, and broke all the windows within a quarter of a mile. Many houses were shifted from their foundations; walls were stripped of plaster, and floors splintered.

A heavy train bound from New York was just pulling out of the Mount Vernon station when the explosion occurred, and the engineer stopped till the track was cleared.

BOND CARRIES NEWFOUNDLAND.

The Returns Show Fifteen Bondite Candidates and but Five Opposition Candidates. Several Opposition Leaders Among the Defeated.

St. John's, Newfoundland, November 2nd.—To-day's election returns confirm the success of the Bond Government. Completed polls of St. John's show the election of Sir Edward Morris, Minister of Justice, and his two Bondite colleagues, in St. John's east, Mayor Shea and his two Bondite colleagues win; in St. John's west, Henry Gear, Minister without Portfolio and his colleague Harry defeated Ex-Premier Winter

and his colleague Robinson. Winter is the second of the opposition leaders to undergo defeat, the other being former Premier Whiteaway. In St. George's Bay, Bondite was beaten by Gibbs, opposition by 11 votes. In Bonaventure Mountain, another opposition leader and his two colleagues retain their seats. The Green Party has 18 seats and the opposition five seats.

LAND OFFICE RETURNS

The returns for the Edmonton land office for the month of October show 235 homestead entries, as against 232 for the same month of last year.

The applications for patents for October this year are 153 as against 12 in October last year.

LIBERAL MAJORITY OF THIRTY

Bulletin Special Dispatch. Ottawa, November 3rd.—The Evening Journal, Independent Conservative, says to-night that the Liberal majority will be thirty. All independent papers say that Laurier will be victorious. The fact that the Conservatives have far to go to reduce the Government's majority of last Parliament.

LIBERAL RALLY

A great number of people crowded Robertson Hall last night, the occasion being the last rally before election. The audience was an orderly, but an entirely enthusiastic one.

About half-past seven the Edmonton band took up their position in front of the Liberal committee rooms. A large number of boys with torches were also on hand and lively airs of the band soon had a crowd of several hundred on the streets and the sidewalks were crowded. Headed by the band the large crowd made their way to Robertson hall, made the way to Robertson hall, made the way to Robertson hall. How only to find it almost filled. However, a large number crowded in.

Dr. Roy occupied the chair, and on the platform were F. Oliver, the Liberal candidate, C. W. Cross, Dr. Clendenen, Dr. Forin, E. Rattray, Wilfrid Garripy, J. E. Boyle, Rev. Hagar, E. W. McKenzie and a number of others. J. E. Boyle was the first speaker. He was followed by E. Rattray, who, as an American, spoke on the immigration policy of the Liberal government. Dr. Clendenen, who amused the audience by recounting some of the Conservative yarns he had been confronted with C. W. Cross, who spoke of the outlook for a Liberal victory. Rev. A. Hagar showed how the Liberals had truth and justice on their side. Dr. Forin, who showed what the Liberal Government had done for the working man. Wilfrid Garripy, who referred to the sectional and religious aspects of certain Conservative campaigners in this district; and by K. W. McKenzie, who spoke of the transcontinental railway project. Mr. Oliver, the Liberal candidate, was greeted with great enthusiasm in rising to speak, and his remarks throughout were received with applause. He spoke briefly of the Grand Trunk Pacific railway and its connection with Edmonton's interests. On resuming his seat Mr. Oliver was tendered a regular ovation and the meeting broke up with loud cheering for Sir Wilfrid Laurier and Frank Oliver.

Licensing Auctioneers DiscussedThe regular meeting of the city
council was held in the usual place
on Tuesday evening. Mayor Short
and councillors May, Fraser and Cus-
hing were present.W. E. Grierson, market clerk, ad-
dressed the council regarding the dis-
posal of the coal checks; and keeping
a telephone in the market office at
the city's expense. Only one year's
supply of coal checks need be kept
on hand. The city will bear the ex-
pense of the telephone in the mar-
ket office.The minutes of the last regular
meeting were read and adopted.
Chief Supt. of the Calgary Fire
Brigade wrote the council regarding
the arrangement of the Calgary Fire
Hall. The latter caused considerable
discussion, but no definite action was
taken.The leasing of the houses now own-
ed by the city that were on the Jasper
avenue east extension was re-
ferred to a committee consisting of
the secretary-treasurer and the
committee specially appointed for
this work. The buildings were or-
dered to be insured according to pre-
vious instructions.The city engineers asked for a
change in the by-law governing their
work. The city engineer will report
on this.The solicitor presented a report
regarding the licensing of auctioneers
and the prevention of bull ringing on
the city streets. Under the new
charter the city will have absolute
control of these matters, and fur-
ther discussion was deferred until
after November 7.W. Clinton's request for a remis-
sion of his real estate license, was
not entertained.J. Paton's tender of \$115 for the
old stable on the Fry property was
accepted, the stable to be removed
at once.By-law No. 285, providing for the
raising of \$1,000 for municipal pur-
poses, was given three readings, and
was finally passed.The city engineer's report for the
work done on the city hall to date,
\$1,414.43, was accepted.The petition for a sidewalk along
Kinistino avenue was extended to
include from Sixth street to Fifth
street.Wardell and Latimer were granted
the contract for moving the buildings
on the Jasper avenue east extension
for \$500.00.The finance report was read and
adopted, and the meeting adjourned
until Friday afternoon next.**VOTE POLLED LAST ELEC-
TION**The following figures show the

PROGRESSIVE RED DEER

C. P. R. Will make it their main point between Calgary and Edmonton

Bulletin Special Dispatch.

Red Deer, November 3rd.—General Superintendent Jamieson of the Canadian Pacific Railroad spent Wednesday morning here making arrangements with the town council for making this a divisional point. It is believed that satisfactory terms have been reached already. He was well pleased with the appearance of the place.

CLASH WITH POLICE

STUDENTS MIX IT UP

Twenty Students and Five Policemen Under Repairs as a Result of the Free for all

Boston, Mass., November 2nd.—At least 25 persons were injured during a clash between students of the Massachusetts Institute of Technology and police officers shortly after midnight this morning. Of this number 20 were students. Most of the injuries consist of scalp wounds and many bruises. Four students and four officers were so seriously injured as to necessitate their removal to the hospitals. Others were treated at nearby drug stores and private residences.

RESERVOIR BURSTS

KILLING SEVERAL PERSONS

Side of Municipal Waterworks Reservoir tumbled over at Charlotte N. C.

Wilkes Barre, Penn., November 2. One of the most appalling mine accidents in the history of the Wyoming Valley occurred at No. 1 Auchincloss shaft operated by the Delaware, Lackawanna and Western Coal Company at Nanticoke early to-day by which ten men were buried to instant death and three others seriously injured. The men were mostly all upon the mine carriage to be lowered to the workings below. The signal was given to the engineer who began lowering the men. The carriage had gone but a few feet when the engineer lost control of his engines owing to the reversing levers refusing to work and the carriage with the ten men in it was dashed beyond the Reservoir, landing near 1200 feet below the surface. And from there it was precipitated 600 feet further into a dump. Those who may not have been killed are in the bottom of the dump.

EIGHT HOUR DAY

FOR PRINTERS

Referendum vote shows this is popular. Count completed to-day

Indianapolis, November 2nd.—At the headquarters of the International Typographical Union it is announced to-day that the referendum count has proceeded far enough to indicate that 98 of the six propositions voted on are carried except that one increasing the salary of the President and Secretary. The most important proposition voted on was the establishing of eight hour day beginning January 1, 1905, and ordering an amendment for that purpose. It will be contested by the United Typographical Association. The count will be completed to-morrow.

WILL SHADOW IT

CLOSE TAB ON BALTIC SQUADRON

Channel, East Indian and Mediterranean Squadrons Will Follow the Russian Fleet. Coroner's inquest at Hull.

Hull, England, November 2.—Capt. Gillard said that the trawlers were distinctly lathered and carried fish-lights. The Russian squadron signalled each other and their two vessels fired on the ships. He denied that the trawlers carried arms of any description and was positive that no Japanese vessels were among the fishing fleet. A sensation was created by the appearance of James Nixon, chief engineer of the trawler Crane, who was brought to the hall from the hospital, swathed in bandages. He testified that while looking at what he imagined to be a sham fight, he was struck on the head and became unconscious. After further corroborative evidence, Reginald Adams, Junior Counsel to the Admiralty, addressed the jury in behalf of the "Treasury" Counsel, and suggested that a verdict be rendered recording the facts, but not prejudging the case before the international inquiry. The coroner suggested that the verdict read that the men were killed by shots fired by the Russians.

Lisbon, Portugal, November 2.—A message from Oporto signal station states that four Russian battleships and a transport, and four British cruisers were sighted at 9 a.m. sailing southward.

Paris, November 2, 6 p.m.—Three officers of the Russian squadron, Capt. Clado, Lieut. Clado and Lieut. Clado, were the principal Russian witnesses in the North Sea incident, arrived here this morning from Vigo, and held a conference at the Russian embassy. The report of the North Sea occurrence is being conveyed to St. Petersburg by Captain Clado. The latter was on board the flagship Kniaz Souvaroff with Vice-Admiral Rojestvensky, who entrusted Clado with the task of drafting the official account. After the conference the officers left for St. Petersburg. There continues to be an understanding in Russian diplomatic quarters that two reports will be sent separately, one from Hull and the other from St. Petersburg, to the Hague for the final hearing.

London, November 2.—Some of the morning newspapers consider the fact that Russia was not represented at the coroner's inquest at Hull yesterday to be a virtual admission of her inability to controvert the fishermen's plain, unvarnished story of the North Sea affair. It is announced from Gibraltar that the experimental land and sea mobilization is now concluded. (According to a story published in the Chronicle this morning) the experiment was the outcome of new ideas which Sir John Fisher has taken to the Admiralty. His contention is that tests to time of peace are much more advantageous than in time of war. It is reported that the Channel, Mediterranean and East Indian squadrons have received instructions to shadow Admiral Rojestvensky's squadron throughout its progress. As Admiral Rojestvensky is expected to arrive at Tangier to-day, a British fleet of war is being coaling, preparing to watch the second Pacific squadron.

London, November 2.—Negotiations between Great Britain and Russia looking to a settlement of the North Sea case are progressing favorably, and it is not the slightest danger in any direction arising between the two governments. The constitution of the commission under the

Hague convention is on the verge of settlement.

In spite of these pacific conditions Great Britain to-day experienced a war panic, which can only be compared to that which followed the sinking of the British trawler by the Russians. Not for so many years has there been so many alarming reports and flaming extras in London. The most extraordinary feature of the situation, which was serious enough while it lasted, is that there was not a single circumstance to justify it. The excitement started early in the day when the newspapers announced the departure of the Russian second Pacific squadron from Vigo. The public were not in possession of the information cabled by the Associated Press that only the officers concerned in the firing on the British trawlers would be detained, and jumped to the conclusion that Russia had broken faith by not detaining the vessels involved in the affair. On top of this came wild reports of activity at Gibraltar. Hour by hour the news from Gibraltar became more serious, until at last the climax was reached with the announcement that the British fleet had cleared for action. Some even said that the fleet had sailed to meet the Russian squadron, but this was incorrect.

Tokyo, November 1.—The reports of the action of October 30 are as follows: From 8:30 a.m. the fort of Sang Shu and Rihlung Mountains, the eastern forts on Keekwan Mountain, and a fort lying north of the latter, were bombarded. The parapet of Rihlung Mountain fort was demolished, and openings were made in the forts. Two of the most important covers on Sang Shu Mountain fort were destroyed. One fifteen centimeter gun was dismounted and another damaged; one gun on the northern fort of Keekwan Mountain was destroyed. From 2 p.m. other siege guns were directed against the trenches on Sang Shu and Rihlung Mountains, and against the trenches on the south side of Pot-sin Mountain. All were heavily damaged. A portion of our right wing charged against the trenches on Sang Shu Mountain and a portion of our centre against those on Rihlung Mountain and in Pot-sin Mountain. The enemy in nearby forts, together with those on the forts on the west, Sang Yangdon, Nantao Mountain, Golden Hill, Pai Yua Mountain and Lao Linchus concentrated an ineffective fire against the points where our assaults were progressing. A large mine exploded on the slope of the Rihlung Mountain without fatalities. That night, to prevent the Russians making repairs we shelled the fort of Rihlung Mountain, Keekwan Mountain and Sang Shu Mountain, together with the warships and taking many buildings. St. Petersburg, November 2.—The Government has appointed Admiral Kuznetsov a member of the admiralty in council and one of the international commissioners on the North Sea affair.

Hanchepu, Nov. 1.—Everything was quiet to-day all along the line. The trenches of the opposing party are so close that there are many small collisions, especially during the night. The Japanese on October 30 and 31 heavily bombarded the Russian right and centre. The Russians shelled a village opposite their right flank on November 1.

LOCAL

—The election returns will be bulletined in the Alberta Hotel this evening.

—Jas. Tough received this week a car of purebred Hereford bulls from prominent breeders in Illinois.

—The Edmonton market for eggs is quoted nominally at from twenty-two to twenty-five cents a dozen. However, first class fresh eggs bring thirty cents.

—Williamson Bros. shipped a car of logs to Calgary by first of the week. Three and three-quarter cents is the top price paid. They have a number of logs on hand, and expect to ship another carload the last of the week.

—The construction of the new Hudson Bay block on Jasper avenue west is progressing rapidly. All the brick and cornice work has been completed, and the roof is now being put on. This three-story brick block built as it is of the best pressed brick, is a very creditable addition to Edmonton business blocks.

—Free Press.—Winnipeg lost one of its old time residents and well known socialists last evening, when Mr. Jackson Hanby left for Edmonton to take charge of a business enterprise in that rising city. A number of friends were at the station to bid him farewell, and tender him best wishes for his success in his new sphere. His departure came as a surprise to a large circle of friends, as he accepted of very short notice the position

which necessitated the severance of his connection with them. Mr. Hanby has been chairman of St. Andrew's church for some time past, and on behalf of its members, Mr. S. Matheson presented him with a gold-mounted walking cane accompanied with an address in which the choir expressed their very general regret at losing him as leader, and their very cordial feelings sustained towards him.

—Free Press.—Bishop Reeve, of the Mackenzie River diocese, occupied the pulpit of Christ Church cathedral, Edmonton, this evening last week. The object of the bishop's visit to Ontario is to secure contributions towards an endowment fund of \$50,000 which it is proposed to raise to put the work on a better basis. So far \$35,000 has been contributed or promised. Until more funds are forthcoming Bishop Reeve will also have charge of the diocese of Athabasca. This will be an additional 250,000 square miles for him to look after. The mission stations are from 80 to 100 miles apart. In addition to the Eskimos there are many tribes of Indians—Chipewyan, Yellow Knife, Slave, Dog Rib, Beaver, Slavey, Mountain Hare, Nehany and Tukudh. Each tribe has a dialect of its own, and the language of the Indians is quite unlike that of the Eskimo. Eskimo are still heathen. To seek after the latter and the Indians there are the bishop, two English, three Canadian, one country-born, and two native clergymen and their wives, six native catechists and several lay helpers, including ladies.

ELECTION RETURNS

The election returns will be thrown on canvas opposite the Liberal committee rooms, over the Great West Saddlery this evening. Between the returns numerous cartoons and views will be shown, thus giving a continuous entertainment. First-class lantern has been secured.

CONSERVATIVE RALLY

A great Conservative rally was billed for last night to be held in the Thistle Rink. The rink affords seating accommodation for upwards of three thousand, and last night scarcely two hundred electors were present. R. B. Bennett, Calgary's silver-tongued orator, failed to put in an appearance. Dr. C. H. Stuart Wade, J. E. addressed the meeting briefly and then called upon Jno. M. Moran, of Fort Saskatchewan, for an address. There was no enthusiasm and the meeting broke up after less than an hour's duration.

FRANCE-AMERICAN TREATY

Sentiment of Parliament shows that the Treaty will be Ratified Promptly

Paris, November 2nd.—The report of M. Jusser, the French ambassador to the United States, on the progress of the Franco-American arbitration treaty was received by the Foreign Minister this morning. The officials here have made sufficient inquiry in regard to the sentiment of Parliament to show that the treaty will be ratified promptly and perhaps unanimously.

THE LATE W. F. IRWIN

Free Press, October 29:

The late W. F. Irwin, whose sudden death at Trail, B.C., on Wednesday, was announced by the Free Press yesterday, was probably better known in Brandon and Western Manitoba than in Winnipeg, having resided there since 1885 till two years ago, when he moved his family to Winnipeg. Mr. Irwin came to Manitoba in 1882, residing in Portage la Prairie till 1885, and then going to Brandon to take charge of the Massey Manufacturing Co.'s office there. In 1890 he was appointed general agent and travelled all through Western Canada for thirteen years. Few travellers were better known and none more thoroughly respected than he, and his many acts of kindness to sick passengers have been treasured in numbers of homes. Twice while at the Glenboro branch he displayed great heroism in rescuing fellow travellers from certain death.

Failing health necessitated his retirement from active work this spring and in the month of August he went to British Columbia in the hope that the mountain air would be beneficial, but heart failure took away a faithful husband and a loving father on Wednesday last. Surviving the late Mr. Irwin are his widow, three daughters, Miss Dwyer, Mrs. R. M. Thompson, and Miss Alice, and three sons, Capt. Frank Irwin, a medical student here, V. F. Irwin, of the Massey-Harris Co., and Mac Irwin, of the Millers' Morse Hardware Co. During his residence in Brandon he was actively interested in the school board, agricultural society, and the Liberal Association. The funeral will leave his late residence, 75, Margaret street, for Elmwood Cemetery at 3 o'clock Sunday.
